

The Department of Psychology's

Fall 2017 Lab Preview

**Wednesday, September 6, 2017
5:00 - 7:00 PM in 200B Schermerhorn Hall**

Are you interested in working in a psychology research lab?
We invite you to attend the Psychology Lab Preview!

What is a Lab Preview?

Graduate students from each psychology laboratory will be speaking about their current research and the focus of their labs, as well as in what types of activities an undergraduate assistant might be involved.

After each lab's presentation, there will be an open forum during which you can talk to graduate students about openings in their labs.

Who should Attend?

All Psychology Postbacs, Psychology Majors & Concentrators, and Neuroscience & Behavior Majors are encouraged to attend, as well as any student with an interest in research opportunities in the Department.

Prior experience or coursework in psychology is not a requirement for many research positions. Don't miss this chance to learn how to participate in our many research opportunities!

PIZZA AND REFRESHMENTS WILL BE SERVED!

If you have any questions about this event, please contact Prof. Patricia Lindemann via e-mail at pgl2@columbia.edu.
